

ENVIRONMENTAL  
CLEARANCE

Government of India  
Ministry of Environment, Forest and Climate Change  
(Issued by the State Environment Impact Assessment  
Authority(SEIAA), ANDHRA PRADESH)

To,

The Sr. DGM (Environment)  
SREE JAYAJOTHI CEMENTS PRIVATE LIMITED  
Sree Jayajothi Cements Private Limited, 9th Floor, Block-3, My Home Hub,  
Madhapur, Hyderabad -500081

**Subject:** Grant of Environmental Clearance (EC) to the proposed Project Activity  
under the provision of EIA Notification 2006-regarding

Sir/Madam,

This is in reference to your application for Environmental Clearance (EC)  
in respect of project submitted to the SEIAA vide proposal number  
SIA/AP/MIN/407059/2022 dated 30 Dec 2022. The particulars of the environmental  
clearance granted to the project are as below.

- |   |  |
|---|--|
| 1. EC Identification No.                      | EC24B001AP152580   |
| 2. File No.                                   | AP KNL MIN 12 2022 4803  |
| 3. Project Type                               | New  |
| 4. Category                                   | B  |
| 5. Project/Activity including<br>Schedule No. | 1(a) Mining of minerals  |
| 6. Name of Project                            | Gorlagutta Limestone Block-1.2 MILLION<br>TONNES PER ANNUM OF LIMESTONE<br>PRODUCTION Total Excavation: 2.4<br>MTPA (Limestone: 1.2 MTPA + Over<br>Burden: 1.2 MTPA & Top Soil: Nil)] by<br>M/s. Sree Jayajothi Cements Private<br>Limited |
| 7. Name of Company/Organization               | SREE JAYAJOTHI CEMENTS PRIVATE<br>LIMITED  |
| 8. Location of Project                        | ANDHRA PRADESH   |
| 9. TOR Date                                   | N/A  |

The project details along with terms and conditions are appended herewith from page  
no 2 onwards.

Date: 20/03/2024

(e-signed)  
S.Sri Saravanan,IFS  
Member Secretary  
SEIAA - (ANDHRA PRADESH)

*Note: A valid environmental clearance shall be one that has EC identification  
number & E-Sign generated from PARIVESH.Please quote identification  
number in all future correspondence.*

*This is a computer generated cover page.*

REGD.POST WITH ACK.DUE

**Order No.SEIAA/AP/KNL/MIN/12/2022/4803/240.P04&240.P02**

**Sub SEIAA, A.P - 181.03 Ha, Limestone Mine of M/s. Sree Jayajothi Cements Private Limited (SJCPL) at Sy.No.139B/P,140,141,142(P) & 183 of Gorlagutta Village, Betamcherla Mandal, Nandyal District (Formerly Kurnool District), Andhra Pradesh -Environmental Clearance-Issued - Reg.**

- i. This has reference to your application submitted through online on 30.12.2022 (SIA/AP/MIN/407059/2022), Clarification received on 21.10.2023 seeking Environmental Clearance for the proposed mine of 181.03 Ha, Limestone Mine at Sy.No.139B/P,140,141,142(P) & 183 of Gorlagutta Village, Betamcherla Mandal, Nandyal District (Formerly Kurnool District), Andhra Pradesh in favour of M/s. Sree Jayajothi Cements Private Limited (SJCPL).It was reported that the nearest human habitation viz., Gorlagutta (V) exists at a distance of about 100 mts from the proposed site of the mine in the Eastern direction as per SEAC minutes. It was noted that the capital investment of the project is Rs.300 Lakhs and capacity of the project is as follows:

**Mining of Limestone – 1.2 Million TPA  
(with 1.2 million TPA over burden) in 181.03 Ha.**

- ii. As seen from the Mining plan approved by the competent Government Authority the following two aspects are noted.
- i. The location of the mine is as follows:

Pillar No	Latitude	Longitude
1	15°25'00.61360"N	78°11'46.93958"E
2.	15°24'28.07317"N	78°11'38.22518"E
3.	15°24'43.28140"N	78°11'13.44582"E
4.	15°24'46.58084"N	78°10'58.38028"E
5.	15°24'40.70813"N	78°10'49.19274"E
6.	15°24'52.15024"N	78°10'32.02715"E
7.	15°24'51.39359"N	78°10'21.13104"E
8.	15°24'55.33535"N	78°10'11.81287"E
9.	15°25'08.24369"N	78°10'06.23210"E
10.	15°25'10.39853"N	78°10'08.08697"E

11.	15°25'13.22796"N	78°10'11.04566"E
12.	15°25'15.49529"N	78°10'13.37209"E
13.	15°25'15.96397"N	78°10'20.07297"E
14.	15°25'11.33492"N	78°10'18.40048"E
15.	15°25'11.53847"N	78°10'17.98920"E
16.	15°25'09.02323"N	78°10'17.10922"E
17.	15°25'05.49563"N	78°10'21.51792"E
18.	15°25'04.61137"N	78°10'43.49141"E
19.	15°25'04.12554"N	78°11'01.38912"E
20.	15°25'03.66078"N	78°11'19.30300"E
21.	15°25'00.42500"N	78°11'19.67444"E
22.	15°25'00.98274"N	78°11'26.08667"E
23.	15°25'01.96041"N	78°11'26.11838"E
24.	15°25'01.54117"N	78°11'38.51323"E

- ii. It is an open cast semi-mechanized mine. The total mine lease area is 181.03 Ha.

This proposal has been referred to SEAC, A.P along with all the documents submitted by the proponent for their appraisal and for their specific recommendations on EC aspect. The proposal has been examined and processed in accordance with EIA Notification, 2006 and its amendments thereof. The State Level Expert Appraisal Committee (SEAC) examined the application, in its meeting held on **13.02.2024**.

#### **Minutes of SEAC Meeting:-**

Category: B1 (Major Mineral)

The proposed project is for mining of Limestone an area of 181.03 Ha. with a proposed of production quantity of Limestone production – 1.2 million TPA (with 1.2 million TPA over burden) with a condition that the total production during a scheme should be limited to the approved quantity as per Mining scheme/ plan.

The proposed project falls under Item No. 1(a) of the schedule of the EIA Notification 2006 and its amendments thereof - (i). Mining of minerals (<250 ha of mining lease area in respect of non-coal mine lease).

- The project proponent has obtained TOR from MoEF&CC vide order dt.13.04.2022 and public hearing was held on 24.08.2022.
- Major Issues raised in the public hearing: Road damage issues, transportation of mineral through village dust nuisance, surrounding crop damages and water treatment issues& Employment issues are the main issues raised during the public hearing.
- Response of the management during the public hearing: Sri B.C.Gurivi Reddy, Vice President, M/s. Sree Jayajothi Cements Pvt. Ltd informed that around 700 people are working in our company till date. The proposed mining will employ another 68 people directly and 70 persons will be employed indirectly in the

form of transport, contractual jobs, business opportunities, service facilities etc. He informed that they will not install any fencing around the hill area which is used for grazing purpose of village animals, villagers can use it as it used to. He informed that blasting operations will be carried out with care and skilled people. He informed that the management will do CSR activities in surrounding villages like development of schools, merit scholarships to the students, conducting medical camps, drinking water facilities, drainage facilities by coordinating villagers and public representatives. He informed that they will develop greenbelt and carryout operations without pollution. The mining operations will be carried out in the presence of qualified mines manager. Water sprinkling will be done during mining operations. All Pollution control measures will be taken during mining operations. He stated that management will extend the support for the development of Gorlagutta village.

- d. The Base line data was collected from October, 2021 to December, 2021 and the predominant wind direction is observed to be South West to North East. The maximum concentration of SPM(PM<sub>10</sub>) is observed to be 53.8 µg/m<sup>3</sup> and the incremental concentration is 2.0 µg/m<sup>3</sup> and GLC of SPM will fall within the mine lease area.
- e. It is observed that there was a habitation viz., Gorlagutta at about 100M from the proposed site of the mine in the Eastern direction. Also, the subject mine lease area is adjacent to Govindinne RF and Rangapuram Block A RF is at a distance of 300 meters.
- f. As per the Hon’ble NGT order in O. A No. 304/2019 the minimum distances to be considered for stone quarrying units while appraising for Environmental clearance are as below.

Mining Type		Minimum Distance	Locations
A.	When Blasting is not involved	100m	Residential/Public buildings, Inhabited sites, Protected monuments, Heritage sites, National/ State Highways, District roads, public roads, railway line/area, ropeway or ropeway trestle or station, Bridges, Dams, Reservoirs, River, Canals or Lakes or
B.	When Blasting is Involved	200m	Tanks or any other locations to be considered by States

- g. The issue was earlier appraised in the 213<sup>th</sup> SEAC meeting and the decision of SEAC is as follows:

“The Committee after examining the project proposals, presentations, mining plan, MoEF&CC’ Notifications & OMs, and detailed deliberations, recommended to raise ADS for submission of Modified mining plan as per NGT norms and also submission of NOC from Forest department.

- h. The project proponent has submitted reply to the ADS on 21.10.2023 furnishing Modified mining plan dt.05.09.2023 duly maintaining a distance of 200m

towards village side (13.034Ha) as non-mining zone and also furnished Forest NOC from District Forest officer, Nandyal vide order dated dt.17.10.2023.

- i. The SEAC noted that IBM Approved the modified mining plan vide order dated 05.09.2023 where in an extent of 13.034 Ha is ear marked non-mining zone so as to leave 200 mts safety barrier zone as per Hon'ble NGT orders.
- j. As per the approved mining plan it is noted that "project proponent proposed to leave 10 mts of buffer zone from the Forest boundary and an extent of 0.515 Ha will be falling under the Forest buffer (safety) zone. There will not be any mining activities in this area and above safety zone are demarcated in all the plans. There is no change in the proposed production of 1.2 million TPA of Limestone and over burden/ waste removal of 1.2 MTPA from this mine."
- k. The project proponent allocated Rs. 209.42 Lakhs as capital cost and Rs. 10.65 Lakhs as a recurring cost budget for the EMP. The proponent volunteered to provide Water Treatment Plant, Skill development programme and Health Camps to the Gorlagutta village as a part of Corporate Social Responsibility (CSR) activity and shall maintain the same till the life of the mine.
- l. The Committee after examining the project proposals, presentations, Modified mining plan, MoEF&CC Notifications & OMs, EIA report, PH minutes, reply to the ADS and detailed deliberations, recommended to **issue Environmental Clearance** for mining of Limestone production – 1.2 million TPA (with 1.2 million TPA over burden) with following additional conditions:
  1. The proponent shall comply with the proposals furnished in the Environmental management plan and EIA report.
  2. The project proponent shall maintain a distance of 200m towards village side (13.034Ha) as non-mining zone as mentioned in the modified mining plan and shall provide grazing land in non-mining zone (13.034) for cattle feeding.
  3. The project proponent shall leave 10 mts (0.515 Ha) of Forest buffer (safety) zone. from the Forest boundary as mentioned in the IBM Approved the modified mining plan.
  4. The project proponent shall develop greenbelt of 1km along approach roads & village Roadsides.
  5. The project proponent shall maintain greenbelt in 7.5mt buffer zone and existing buffer zone plantation should not be disturbed.
  6. The proponent shall take dust suppression measures to meet the CPCB stipulated ambient air quality standards at any point of time.
  7. The proponent shall carryout continuous water spraying using tankers for suppression of dust generated due to transport vehicles.
  8. The vehicles carrying the mined-out material shall be covered with tarpaulin sheets during vehicular movement.
  9. The project proponent shall not use village road for mineral transportation purpose.
  10. The project proponent shall restrict vehicles movement during the peak hours to avoid accidents.
  11. The project proponent shall adopt controlled blasting.
  12. The project proponent shall comply with conditions stipulated in the

Forest NOC dt.17.10.2023.

13.The project proponent shall comply with assurance/ promises given in the public hearing.

m.The project proposal along with recommendation of SEAC was placed in 232<sup>nd</sup> SEIAA meeting and the decision of the SEIAA is as follows:

*“Refer to SEAC to examine the distance of temple from the Mine boundary and the KML file uploaded in PARIVESH portal as the Mine area is blurred in KML file”.*

The proposal was again apprised in 240<sup>th</sup> SEAC meeting and the committee observed that as per the KML file Imagery dt.21/01/2024, the distance of the temple from the boundary of the mine is 125 meters and the industry is maintaining non mining zone of 13.034 Ha to maintain 200 meters from the temple as per the orders of the Hon’ble NGT. Hence, the committee reiterated that earlier meeting minutes holds good.

The committee in the appraisal report clearly stated that they have examined the approved Mining Plan, Form-I/II, PFR/DPR and EMP for compliance by the proponent.

The State Level Environment Impact Assessment Authority (SEIAA), in its meeting held on **04.03.2024** examined the proposal and the recommendations of SEAC and decided to accept SEAC recommendations aforesaid for strict compliance by the proponent and to issue EC with a condition that the project proponent shall adopt controlled blasting. The SEIAA, A.P **hereby accords Environmental Clearance to the project** as mentioned at Para No. I under the provisions of the EIA Notification 2006 and its subsequent amendments issued under Environment (Protection) Act, 1986 subject to implementation of the following cluster, specific and general conditions:

**Part A. Special Conditions:**

- i. The proposal shall not attract the following Acts & Rules:
  - a. Forest Conservation Act, 1980;
  - b. Wild Life (Protection) Act,1972;
  - c. CRZ Notification, 2011;
  - d. The Eco sensitive areas as notified under Environment (Protection) Act,1986;
  - e. Critically polluted areas as notified by CPCB and also shall not harm livestock and human beings and disturb their activities.
- ii. The total production during a scheme should be limited to the approved quantity as per Mining scheme/ plan.
- iii. The project proponent shall adopt controlled blasting.
- iv. The project proponent allocated Rs. 209.42 Lakhs as capital cost and Rs. 10.65 Lakhs as a recurring cost budget for the EMP. The proponent volunteered to provide Water Treatment Plant, Skill development programme and Health Camps to the Gorlagutta village as a part of Corporate Social Responsibility (CSR) activity and shall maintain the same till the life of the mine.
- v. The proponent shall comply with the proposals furnished in the Environmental management plan and EIA report.
- vi. The project proponent shall maintain a distance of 200 m towards village side

- (13.034Ha) as non-mining zone as mentioned in the modified mining plan and shall provide grazing land in non-mining zone (13.034) for cattle feeding.
- vii.The project proponent shall leave 10 mts (0.515 Ha) of Forest buffer (safety) zone. from the Forest boundary as mentioned in the IBM Approved the modified mining plan.
  - viii.The project proponent shall develop greenbelt of 1 km along approach roads & village Roadsides.
  - ix.The project proponent shall maintain greenbelt in 7.5 mt buffer zone and existing buffer zone plantation should not be disturbed.
  - x. The proponent shall take dust suppression measures to meet the CPCB stipulated ambient air quality standards at any point of time.
  - xi.The proponent shall carryout continuous water spraying using tankers for suppression of dust generated due to transport vehicles.
  - xii.The vehicles carrying the mined-out material shall be covered with tarpaulin sheets during vehicular movement.
  - xiii.The project proponent shall not use village road for mineral transportation purpose.
  - xiv.The project proponent shall restrict vehicles movement during the peak hours to avoid accidents.
  - xv.The project proponent shall adopt controlled blasting.
  - xvi.The project proponent shall comply with conditions stipulated in the Forest NOC dt.17.10.2023.
  - xvii.The project proponent shall comply with assurance/ promises given in the public hearing.
  - xviii.The project proponent shall follow the order of National Green Tribunal passed in O.A.No.304/2019.
  - xix.The project proponent shall maintain the setback distance 7.5 meters buffer zone all around the mine lease area for greenbelt development and other conditions are to be fulfilled.
  - xx.The avenue plantation (tall plants), of at least 1.5m height, for 1 km length of the approach road on either side of the road is to be developed and maintained. The entire plantation is to be completed in the first year itself.
  - xxi.The proponent is advised to ensure safety to animal and public life.
  - xxii.The project proponent shall comply with the concerns raised/commitments made during the public hearing.

**Part B. Specific Conditions:****1) Air Pollution:-**

- i. The proponent shall comply with the mining methodology mentioned in approved mining plan and Form1 with controlled blasting as recommended by SEAC.
- ii. Greenbelt shall be developed along the boundary of mining lease area and also in back filled and reclaimed areas with tall growing native species in consultation with the local DFO/Agriculture Department. The proponent of mine shall carry mining operations in such a manner so as to cause least damage as far as possible to the flora of the mining area and nearby areas. He shall take immediate measures for planting in the same area or any other area selected by authorities not less than twice the number of trees going to be felled by mining operations. He shall also take measures for restoration of other flora /fauna if damaged by mining operations. In case any felling or damage to fauna and flora is involved, prior permission shall be taken from the concerned regulatory authority, by the proponent, without which mining shall not be taken up.
- iii. Fugitive dust emissions from all the sources should be controlled regularly. Water spraying arrangement on haul roads, loading and unloading and at transfer points should be provided and properly maintained.
- iv. The proponent shall take appropriate measures to ensure that the Ground Level Concentration (GLC) shall comply with the revised NAAQ norms notified by MoEF&CC, GoI on 16.11.2009.
- v. The following measures are to be implemented to reduce air pollution during transportation of mineral:-
  - Roads shall be graded to mitigate the dust emission.
  - Regulatory Authority prior concurrence shall be taken for this activity.
  - Water shall be sprinkled at regular interval on the main haul road and other service roads by water sprinklers to suppress dust.
- vi. The following measures are to be implemented to reduce Noise pollution:-
  - Proper and regular maintenance of vehicles and other equipment.
  - The proponent shall ensure that there shall be no excessive noise, while taking up mining activity.
  - Limiting time exposure of workers to excessive noise.
  - The workers employed shall be provided with protection equipment and earmuffs etc.
  - Speed of trucks entering or leaving the mine is to be limited to moderate speed of 25kmph to prevent undue noise from empty trucks.
- vii. Measures should be taken to comply with the provisions laid under Noise Pollution (Regulation and Control) (Amendment) Rules, 2010; dt.11.01.2010 issued by the MoEF&CC, GOI to control noise to the prescribed levels. Workers engaged in operations of HEMM, etc., should be provided with ear plugs/muffs. Regulatory authority instructions are to be taken if there are any

better alternatives.

- viii. The proponent shall not take-up mining activity unless he obtains the safety clearance certificate from the competent Govt. authority.

## **2) Water Pollution:-**

- i. As per records the source of water is Bore well. Total water requirement is 152.5 m<sup>3</sup>/day, Out of that, 100 m<sup>3</sup>/day is used for Dust suppression; 50 m<sup>3</sup>/day is used for Development of Greenbelt; 2.5 m<sup>3</sup>/day is used for Drinking purpose.
- ii. Garland drain and siltation ponds of appropriate size should be constructed for the working pit to arrest flow of silt and sediment. The water so collected should be utilized for watering the mine area, roads, green belt development etc. The drains should be regularly desilted, particularly after monsoon, and maintained properly. Prior concurrence of Regulatory Authority concerned shall be taken for this activity before taking up mining.
- iii. Regular monitoring of ground water level and quality should be carried-out by establishing a network of existing wells by the project proponent in and around project area in consultation with Regional Director, CGWB, Southern Region, Hyderabad. Data thus collected should be sent at regular interval to MoEF&CC, CGWA and CGWB, Southern, Region, Hyderabad.
- iv. Suitable conservation measures to augment groundwater resources in the area shall be planned and implemented in consultation with Regional Director, CGWB, Southern Region, Hyderabad. Suitable measures should be taken for rainwater harvesting in consultation with concerned Regulatory Authority.
- v. Permission from the competent authority should be obtained for drawl of ground water, if any, required for this project.

## **3. Solid Waste :-**

- i. Topsoil, if any, shall be stacked properly with proper slope with adequate measures and should be used for plantation purpose.
- ii. The following measures are to be adopted to control erosion of dumps:-
  1. Retention/toe walls shall be provided at the foot of the dumps.
  2. Worked out slopes are to be stabilized by planting appropriate shrub/grass species on the slopes.
  3. Regulatory Authority prior concurrence shall be taken for this activity.
- iii. Waste oils, used oils generated from the EM machines, mining operations, if any, shall be disposed as per the Hazardous and other Wastes (Management and Transboundary movement) Rules, 2016 and its amendments thereof to the recyclers authorized by APPCB. APPCB shall monitor this aspect at regular intervals to prevent any harm to life and the proponent on his part, shall ensure that this activity shall be taken up regularly under the guidance

of Regulatory Authority, as decided by that Authority.

- iv. The proponent will be squarely responsible for proper implementation of solid waste management plan, prevention of air pollution, water pollution, and any other kind of pollution/health hazard.

**Part C. General Conditions:**

- i. **This order is valid for a period of 20 years or the expiry date of mine lease or land lease period issued by the Government of A.P., whichever is earlier.**
- ii. While giving CTE/CTO, the APPCB is to ensure compliance of guidelines issued in G.O.Rt.No.239 dt.16.04.2020 and Memo. No/ covid-19/2020/HMFW dt. 18.04.2020 issued by Medical, Health and Family welfare department, Government of A.P and the Ministry of Home Affairs order No 40-3/2020/DM-DA dt.15.04.2020 scrupulously.
- iii. The proponent shall scrupulously follow any conditions stipulated by Revenue department/ Panchayat Raj/ Municipal administration/local self-government bodies (Gram panchayat/Gram secretariat) in ensuring safety to human and animal life. The APPCB to ensure the same while according CTE/CTO.
- iv. Proponent shall ensure that there is no disturbance to flora and fauna. Serenity of nature must be protected at any cost.
- v. In respect of government land for mining, the responsibility has been fixed on concerned AD, Mines & Geology Department to check whether necessary clearances from revenue department are obtained.
- vi. In case of patta land while granting mine lease ADMG should verify the land lease documents.
- vii. In respect of Forest land given in lease for mining, the proponent shall scrupulously adhere to the mining conditions stipulated by the Government of Andhra Pradesh.
- viii. Any change in mining plan/ production/ mining methodology the proponent shall apply afresh EC.
- ix. While taking up mining activity the proponent shall meticulously follow approved mining plan/Form-1/EMP.
- x. Once in a year proponent shall conduct impact analysis on environment by reputed institute recognized by Director General, Mines and Safety.
- xi. "Consent for Establishment" & "Consent for Operation" shall be obtained from Andhra Pradesh Pollution Control Board under Air and Water Acts to

- carry on mining.
- xii. No change in mining technology and scope of working should be made without prior approval of the SEIAA, A.P. No further expansion or modifications in the mine shall be carried out without prior approval of the SEIAA, AP/ MOEF&CC, GoI, New Delhi, as applicable.
  - xiii. The project proponent shall submit six monthly reports on the status of compliance of the stipulated environmental clearance conditions including results of monitored data (both in hard copies as well as by e-mail) to the Ministry of Environment & Forests, its Regional Office, Vijayawada, SEIAA, A.P., Regional Directorate, Central Pollution Control Board, Bangalore, District Collector and A.P. Pollution Control Board. The proponent shall upload the status of compliance of the environmental clearance conditions including results of monitored data on their websites and shall update the same periodically.
  - xiv. Post Environment Clearance Monitoring: It shall be mandatory for the project manager to submit half yearly compliance reports in respect of the stipulated prior EC terms and conditions in hard and soft copy to SEIAA on 1<sup>st</sup> June and 1<sup>st</sup> December of each calendar year. (Refer 10(i) and 10(ii) of S.O. 1533(E) of Ministry of Environment and Forests Notification, New Delhi, dt.14<sup>th</sup> September, 2006.)
  - xv. The APPCB shall monitor the EC conditions stipulated by SEIAA as per G.O.Ms. No.120 dated 01.11.2018 of EFS&T Dept., and ensure the compliance.
  - xvi. The proponent shall obtain prior permissions and continued guidance from regulatory authorities for all the above conditions wherever it is required.
  - xvii All safety norms as stipulated in various laws and statutes shall be scrupulously followed by the proponent. APPCB shall ensure compliance to the conditions stipulated by SEIAA.
  - xviii The Proponent shall follow G.O.Ms.No.107, dated 30.07.2016 of Industries & Commerce (Mines-II) Department wherever applicable.
  - xix. "Consent for Establishment" shall be obtained from Andhra Pradesh Pollution Control Board under Air and Water Act before the start of any activity /construction work at site.
  - xx. Officials from the Regional Office of MoEF&CC, Vijayawada/ The SEIAA, Andhra Pradesh through the Regional Offices of Andhra Pradesh Pollution Control Board, who would be monitoring the implementation of environmental safeguards, should be given full co-operation, facilities and documents/data by the project proponents during their inspection. A complete set of all the documents shall be submitted to the CCF, Regional Office to

MoEF&CC, Vijayawada.

- xxi. Four ambient air quality-monitoring stations should be established in the core zone as well as in the buffer zone. Location of the stations should be decided based on the meteorological data, topographical features and environmentally and ecologically sensitive targets and frequency of monitoring should be undertaken in consultation with the State Pollution Control Board.
- xxii Data on ambient air quality should be regularly submitted to the Ministry including its Regional Office located at Vijayawada and the State Pollution Control Board/ Central Pollution Control Board once in six months.
- xxii Personnel working in dusty areas should wear protective respiratory devices
  - i. and they should also be provided with adequate training and information on safety and health aspects.
- xxi The project proponent shall ensure that no natural watercourse and/or water resources shall be obstructed due to any mining operations. Necessary safeguard measures to protect the first order streams, if any, originating from the mine lease shall be taken.
- xxv Occupational health surveillance program of the workers should be undertaken periodically to observe any health hazards due to exposure to dust and take corrective measures, if needed.
- xxv A separate environmental management cell with suitable qualified personnel
  - i. should be set-up under the control of a Senior Executive, who will report directly to the Head of the Organization.
- xxv The funds earmarked for environmental protection measures (**Capital Cost**
  - ii. **Rs.209.42 Lakhs and Recurring Cost Rs.10.65 Lakhs/annum**) should be kept in separate account and should not be diverted for other purpose. Year wise expenditure should be reported to the Ministry and its Regional Office located at Vijayawada.
- xxv At least 2% of the total project cost shall be allocated for Corporate Environment Responsibility (CER) and item-wise details along with time bound action plan shall be prepared in accordance to the MoEF&CC's office Memorandum No.F.No.22-65/2017- IA.III, dated.01.05.2018 and submit to the SEIAA, A.P and Ministry's Regional Office, Vijayawada.
- xxi The project proponent shall submit the copies of the environmental clearance to the Heads of Urban/ Rural Local Bodies in addition to the relevant offices of the Government who in turn has to display the same for 30 days from the date of receipt.
- xxx The project authorities should advertise at least in two local newspapers widely circulated, one of which shall be in the vernacular language of the locality concerned, within 7 days of the issue of the clearance letter

informing that the project has been accorded environmental clearance and a copy of the clearance letter is available with the State Pollution Control Board and SEIAA, A.P.

xxxThe SEIAA or any other competent authority may alter/modify the above  
i. conditions or stipulate any further condition in the interest of environment protection.

xxxThe proponent shall obtain all other mandatory clearances from respective  
ii. departments before taking-up the mining activity.

xxxAny appeal against this Environmental Clearance shall lie with the National  
iii. Green Tribunal, if preferred, within a period of 30 days as prescribed under Section 16 of the National Green Tribunal Act, 2010.

xxxConcealing the factual data or failure to comply with any of the conditions  
iv. mentioned above may result in withdrawal of this clearance and attract action under the provisions of Environment (Protection) Act, 1986.

xxxThe SEIAA may revoke or suspend the order, if implementation of any of the  
v. above conditions is not satisfactory. The SEIAA reserves the right to alter/modify the above conditions or stipulate any further condition in the interest of environment protection.

xxxSEIAA also reserves the right to cancel the EC issued at any time, if EC has  
vi. been obtained by the proponent through suppression of any information or furnishing false information.

xxxThe above conditions will be enforced inter-alia, under the provisions of the  
vii. Water (Prevention & Control of Pollution) Act, 1974, the Air (Prevention & Control of Pollution) Act, 1981, the Environment (Protection) Act, 1986 and the Public Liability Insurance Act, 1991 along with their subsequent amendments and rules.
